

# **Overview of Antimicrobial Resistance and Antimicrobial Stewardship in Health Care Settings**

## **Session 4**

## Module 12

# Learning Objectives

By the end of this module the participants should be able to:

- Define antimicrobial resistance (AMR)
- Describe AMR in health care setting
- Describe the interface between infection prevention control (IPC) and AMR
- Identify the strategies to prevent the emergence of AMR
- Describe AMR surveillance
- Define antimicrobial stewardship
- Describe the goals and principles for antimicrobial stewardship
